Mrs. J. W. Vann and Mrs. Russell Vann left yesterday for St. Petersburg where they will spend a week or two.

Now is the time to order your fall or winter suit. R. H. Shackelford is agent for the American Woolen Mills Co., Chicago, and has received an elegant line of samples.

Joe Redding was in town Saturday and while here enlisted as a member of the Madison Guards. Joe has had considerable experience as a soldier and will prove a valuable acquisition to the company.

One can hardly realize how rapidly our town is building up until he takes a walk or drive in all sections of the town. The editor of this paper well remembers when there was only one or two dwelling houses between the town proper and the Seaboard depot, but now the long road—in fact both roads—are built up in neat and cozy cottages all the way. And it is just as true in other parts of the town. Go to any part you please and you will find new houses already completed or in course of construction. Verily, Madison is growing with a steady, substantial growth, and the time is not far distant when there will be a sure enough town in this vicinity.
